

Contents

Editorial Corner

- 94 **The Future in Metal Forming Production Goes Digital !**
Mathias Liewald

Research Articles

- 96 **A Comparative Analysis between Conventional Manufacturing and Additive Manufacturing of Ankle-foot Orthosis**
Farah Syazwani Shahar, Mohamed Thariq Hameed Sultan, Ain Umaira Md Shah and Syafiqah Nur Azrie Safri
- 104 **A Structure Equation Modeling of Guidelines on Effective Meeting Management in Industrial Business Sector**
Raknarin Sanrach and Thanin Silpjaru
- 112 **Design of a Decision Support System for Functional Beverage Flavoring**
Ariya Ounsri, Pornthip Tabkosai, Athakorn Kengpol and Sopida Tuammee
- 118 **Development of a Common Single-Die Exchange Technique for a Common Die Design in a Forging Process of a Thick Sheet**
Nara Nakeenopakun and Yingyot Aue-u-lan
- 127 **Effect of Curing Time on Bond Strength between Reinforcement and Fly-ash Geopolymer Concrete**
Ariz Petcherdchoo, Tawan Hongubon, Nattawut Thanasisathit, Koonnamas Punthutaecha and Sung-Hwan Jang
- 136 **Enzymatic Deinking of Xerographic Waste Paper with Non-ionic Surfactant**
Pravitra Chandranupap and Panitnad Chandranupap
- 146 **Flavor Profile in Fresh-squeezed Juice of Four Thai Lime Cultivars: Identification of Compounds that Influence Fruit Selection by Master Chefs**
Jutamas Korkitpoonpol, Nattamon Suwannaprom, Suwimon Keeratipibul, Kanet Wongravee, Preecha Phuwapraisirisan, Li Xiao, Sumitra Boonbumrung and Panita Ngamchuachit
- 158 **Genetic Diversity of *Saccostrea forskali* Rock Oyster in the Gulf of Thailand**
Kullapat Krabuansang, Akarapong Swatdipong, Sompid Samipak and Diane M. Beckles
- 166 **The Effects of Façade Design Change on the Heating and Airflow through the Building Skin of Universitas Multimedia Nusantara Tower 3**
Theresita H. Setiawan, Stephen P. Waluyo and Nenny Samudra
- 175 **The Management Direction of Industrial Business Organization with the Buddhadhamma Principles**
Vichai Lamsutthi and Thanin Silpcharu

Applied Science and Engineering Progress

Paper Citation is as Followed: Applied Science and Engineering Progress
ISSN: 2672-9156

Schedule

no. 1 January–March
no. 3 July–September

no. 2 April–June
no. 4 October–December

Editorial Policy

Paper, comprising review and report of original scientific research, will be judged for publication on the basis of evaluation by independent reviewers. Such reports and articles include those containing substantial supported theories, innovative work, substantial experimental results, useful and constructive discussion, and review articles standardized to regional or international acceptance. Each volume will comprise four issues. In addition, special issue containing the proceedings of conferences may be produced. These will be designated as supplements to the appropriate volume and number. An electronic journal is also provided on the website (<http://www.asep.kmutnb.ac.th>). The editors reserve the right to require revision of the submitted manuscript as a condition for final acceptance.

The university and the editorial board claim no responsibility for the contents or views expressed by the authors of individual articles. Copying allowed freely provided acknowledgement is made thereof. All articles submitted for publication will be assessed by a group of distinguished reviewers.

Focus and Scope

Applied Science and Engineering Progress (ISSN: 2672-9156, E-ISSN: 2673-0421) is an international, double-blind peer-reviewed by at least two independent reviewers, open access scientific journal, free of charge, published by King Mongkut's University of Technology North Bangkok (KMUTNB) since 2008. Applied Science and Engineering Progress published original research articles, reviews, and editorial corner in areas of applied science and engineering. The journal also publishes high quality and peer-reviewed papers presented at conference hosted/co-hosted by KMUTNB to expand the research connection between scientists and engineers. Applied Science and Engineering Progress also aims to introduce research progress of applied science and achievements of engineering development to the world community by demonstrating the significance of research investigations and demonstrations. Accepted manuscript to Applied Science and Engineering Progress will be published every quarter in PDF formats (March, June, September, and December).

Applied Science and Engineering Progress consists of two major sections in Applied Science and Engineering field:

Applied Science - This section contains topics in the multidisciplinary domain of applied science and technology on solving technical problems and developing the application of academic research. The focus of this section target to disseminate the progress of the analysis of problem, finding solution and synthesis of knowledge in the fields such as bioprocess technology, chemistry, information technology, and other topics related to applied science.

Engineering - This section contains topics in the combination of engineering, invention and innovation and focuses on solving technical problem. The targets of this section includes research works in applications of engineering and technology such as electrical and electronics, industrial production, mechanical engineering, and other topics related to engineering.
